Shacksbury

SINCE 2013

SUGAR SHACK

CIDER WITH MAPLE AND VANILLA

CORE ROTATOR SERIES

Shacksbury's Core Rotator series is made up of innovative-yet-accessible new ciders to compliment our Year Round Core offerings. Each of the three annual offerings in this series will share a UPC, and they are limited to three to four months of selling. Popular flavors may return for another year, or even be promoted to Year Round Core.

SUGAR SHACK

While we at Shacksbury are known for our dry ciders, we believe there is a time and place for a sweet treat, and what better excuse than the sugaring season in Vermont? Apple, maple, Madagascar vanilla, and subtle oak make for a mouth-watering adult dessert that is balanced and decadent without being cloying.

ACCOLADES

Food & Wine Magazine: "In the tiny town of Shoreham, Vermont, the founders of Shacksbury Cider have set out on a journey into New England's distant past."

STATS
